

Taylor Reed

Senior Full Stack Developer

Red Oak, Texas USA | harunosakura000101@gmail.com | +1 3136399690

Professional Summary

Versatile Senior **AI Full Stack** Developer with **5+** years of experience in designing scalable, user-centric applications using modern frameworks like **LLM, Langchain, chatGPT, React, Node.js**, and **Python**. Proficient in developing **RESTful** and **GraphQL** APIs, optimizing backend performance, and implementing serverless solutions. Certified **AWS DevOps Engineer** skilled in **CI/CD** automation (Jenkins, Docker) and cross-browser compatibility. Adept in Agile environments, delivering high-impact solutions with a focus on security and efficiency.

Professional Experience

Lead Software Developer

APPWRK, USA | 06/2020 – 12/2022

- Led 9 large-scale projects, delivering a \$3.2M revenue boost through backend optimization and seamless UI/UX integrations. Developed secure, scalable web applications using React, Node.js, and AWS services, improving performance by 30%. Collaborated with cross-functional teams in Agile settings to ensure timely project delivery.
- Developed script automation software, saving \$49K monthly by streamlining a labor-intensive process.
- Managed a team of 6 developers to deliver a new product to market in 21 weeks, meeting all quality and performance benchmarks.
- Directed the creation of a \$900K database-driven web application by leading a team of 12 developers.
- Delivered a complex web application on time and under budget, improving customer satisfaction by 20%.
- Mentored junior developers in best practices, reducing bug reports by 30%.
- Automated CI/CD pipelines using Jenkins and Docker, cutting deployment times from 2 hours to 15 minutes.
- Redesigned legacy APIs to RESTful architecture, reducing response times by 40%.
- Integrated Docker and Kubernetes for scalable microservice's deployment, reducing downtime by 25%.

- Implemented advanced CI/CD strategies (Blue-Green Deployment) to minimize deployment risks.

Software Tester

Uncanny Consulting Services LLP, USA | 01/2023 – 11/2024

- Developed and automated **50+** test suites for web and mobile platforms, cutting production defects by **30%**. Streamlined testing with tools like Selenium and Playwright, and implemented **API testing** using Postman and Rest Assured.
 - Increased test coverage by **40%** by developing and maintaining automation scripts using Selenium WebDriver.
 - Conducted API testing with Postman and automated REST API tests with Rest Assured.
 - Enhanced efficiency by automating API tests and streamlining processes.
 - Supported User Acceptance Testing (UAT), addressing end-user concerns and feedback promptly.
 - Enhanced testing accuracy with end-to-end test scripts and integrated them into **Jenkins CI/CD** pipelines.
 - Collaborated with DevOps teams to establish testing environments using **Docker** and Kubernetes, improving **efficiency** by **20%**.
 - Monitored application performance using **Grafana** during testing to identify bottlenecks.
-

Education

Bachelor of Science in Computer Science,

University of Tokyo, Tokyo, Japan | April 2016 – March 2020

Certifications

- AWS Certified DevOps Engineer — Professional
 - Front-End Web Development Certificate
 - Advanced JavaScript (Udemy/EDX course)
 - Kubernetes Certified Administrator (CKA)
 - AWS Certified Solutions Architect – Associate
-

Technical Skills

Core Expertise

- Programming & Frameworks: **React, Angular, Vue.js, Node.js, Python (Django, Flask), Laravel, Spring Boot.**
- API Development: **RESTful APIs, GraphQL, Swagger.**
- Database Management: **MongoDB, PostgreSQL.**
- Testing & Monitoring: **Selenium, Playwright, Postman, Rest Assured, Grafana.**
- Containerization & Orchestration: **Docker, Kubernetes.**
- Testing & Automation: **Selenium WebDriver, Postman, Rest Assured**

Cloud, DevOps & Infrastructure

- **AWS (EC2, S3, Lambda, RDS), Firebase, CI/CD (Jenkins, GitLab CI)**
- **Orchestration: Kubernetes**
- **Microservices Architecture**

Languages

- **Japanese:** Native
- **English:** Highly Proficient
